A black and white photograph of a forest. The scene is filled with tall, slender trees, their trunks standing vertically. The ground is covered in a thick layer of fallen leaves, creating a textured foreground. The trees in the background are bare, with their branches reaching upwards. The lighting is soft, filtering through the canopy. A small, dark, irregular shape, possibly a tree stump or a pile of debris, is visible on the ground in the lower center of the frame.

1973 marks the beginning of a new era at Westwood High School. Change, freedom, trust, and, ultimately, responsibility. It is for us to possess these attributes and to express them in ways beneficial to the whole community. The school has experienced a physical change and we must possess a correspondingly new outlook in our everyday lives.

Here  
she  
is...

You were an integral part of our growth and development as students and as people, helping us to realize ourselves by granting us your boundless resources of experience, patience, and humor. As a teacher and as a friend, you showed us the road to self-expression by unlocking well-springs of perception and maturity that we never realized existed. Your nature has always been open and warm; you were generous of both your time and your enthusiasm. We hope that you will always experience the joy and fulfillment that is the reward of a truly human being, one who has made our four years at Westwood High School a gift to be forever treasured.

Mrs. Agnes Anderson

## *Something is happening.*

*The fleeting time,  
as eternal as the wind,  
created cycles of life  
in which*

*we were perhaps unable  
to find the way.*

*Struggling to breath,  
to express . . .*

*we looked at life,  
at its being,  
its existence.*

*Be yourself to free yourself  
to see yourself.*

*You had to listen.*

*Given freedom and  
liberty to express . . .  
creating newness  
in an atmosphere  
to relate and depend  
on one another—  
We are leaving arrange-  
ments and established  
ways.*

*Existence of truth,  
allowing us to make  
something of it.  
We are a generation  
of whole people—  
learning from all  
by giving ourselves  
completely.*

*Development . . .  
people speaking from people,  
involving themselves with people.*

*Our mind's liberation through  
new offerings are forming  
a fresh, imaginative outlook.  
A search into minds  
and senses with a change of methods . .  
the message is the same—  
Enjoy what we are,  
enrich ourselves  
by holding onto happy moments,  
by relating with others  
and their feelings.*

*Progress,  
experience,  
unity.*

*Once in a lifetime—  
we will return no more  
for we have found  
the way of life.  
Now look another way  
with the years' end.  
—to begin anew.*

## ADMINISTRATION

Having a new addition to work with, the administration made great strides in the area of student services. Many new ideas were worked out, including the no-pass area, where a student could go during his free periods. This included the media center, mezzanine, and the new smoking area, which was another administrative victory.

Mr. Philip Flaherty was appointed to the post of assistant principal, and along with Mr. Charles Doyle, worked with the students to help relieve their problems.

## *Media Center*

In addition to more extensive library facilities, audio-visual aids have become a part of the overall opportunities offered to the student. Closed circuit television and video-taping machines are only two of the many valuable educational facilities presented. This media-library consists of two floors — the upstairs used for special interests while the downstairs is used for general purposes. Greater opportunities and educational benefits exist now and the student may avail himself of these facilities when needed.

## English

The English Department, as usual, was quite involved in school affairs. Trips to "Godspell", "Jesus Christ Superstar", and other plays made for an interesting year. The new school newspaper "The Sacred Cheese" kept students informed on school business and the latest gossip, as well as world affairs. Also sponsored by the English Department was the "It's Academic" team who competed regularly on the local TV show.

The Drama Club and Theater Arts classes presented plays, and musicals, including "You're a Good Man, Charlie Brown" and "Bye Bye Birdie." These students also taught junior high and elementary school children the basics of theatrics, and helped them in their own productions.

### *Mathematics*

An extensive variety of courses are offered by the high school Math Department ranging from elementary algebra to computer math to advanced calculus. With the completion of the new addition, the team-teaching program has been broadened and math seminar rooms have been set aside where students can go for extra help during unassigned periods.

This department continues to direct the Math Olympiad and the Westwood High School Math Team.

## *Social Studies*

The Social Studies Department, under the leadership of Mr. William Davis, has seen a year of growth and change. Added to the program was Ecology, a semester course dealing with the environmental sciences and mans' co-operation with his world.

Sociology, another popular semester course taught by Mr. Beurman, engaged such cultural and authoritative speakers and groups as: Mrs. Louise Day Hicks, Joe Moakley, Hare Krishna, and the chorus from Godspell.

A sneak preview shows a new offering on next year's horizon. Mr. Stack will teach an Introduction to Anthropology course which will deal with the social and cultural patterns of a few past civilizations, but mainly with the behavioral and cultural patterns of some existing primitive tribes.

The Business Department proves itself invaluable year after year in preparing students for meaningful business careers and acquiring valuable skills for the college-bound senior.

Seniors in the office procedures class provide numerous secretarial skills for the school and community. Course offerings include typewriting, shorthand, business English, accounting, introduction to business, law, business machines, and secretarial and clerical procedures. Among the best boosters of this popular department are former WHS'ers who now hold successful and respected positions in the business world or college students saying, "Am I glad I learned to type."

### *Home Economics*

The Home Economics Department provides a diversified program for girls interested in home arts. Under the guidance of Miss Knight, Mrs. Burke, and Mrs. Arnold, in the cooking area, each girl begins with the basics of breakfasts and lunches and increases her skill advancing to gourmet cooking and cake decorating.

Girls taking sewing are able to pick their projects and may advance their skills to tailoring. An alteration shop and a bake shop raise funds for field trips. Mrs. Burke handles home, child, and family relations in family living and Child Growth and Development. Students of these classes participate in many volunteer projects, such as assistants in the kindergarten classes.

# BUILD IT!

### *Industrial Arts*

Industrial arts activities are exploratory in nature. Students are exposed to a wide variety of industrial processes and skills in the areas of electronics, metalworking, woodworking, graphic arts, and drafting.

With remodeling of the shops completed this year, industrial arts has moved from a comprehensive general shop to the separate unit shops listed above. One of the new areas — the electricity-electronics lab, will leave the student with a sound, practical understanding of basic electrical and electronic concepts. Students will gain an understanding of operating principles and be able to make simple electrical repairs or modifications. The graphic arts lab will be ready as an offset production unit this fall.

The Language Department offers students an opportunity to learn about the language, customs, and people of France and Spain. Also, Latin gives the brave at heart a challenge at an old language.

After learning the basics of grammar, the students study the geography, customs, foods, and attitudes of the people.

With the installation of the new electronic classrooms in the French and Spanish rooms, a student is able to listen to tapes and to tape himself. This is a great asset in learning any language. The French and Spanish Clubs present to the students an opportunity to enjoy their knowledge with such activities as trips to foreign restaurants, "gourmet" cooking, and visits to plays, such as "The Little Prince."

# When physics takes over

Mrs. Maxine Broderick  
Department Head

The key word for this year's science department is "new." The department has new facilities, including classrooms, laboratories, and equipment. For the first time, courses have been introduced which allow biology and physics students to progress at their own rates.

The science curriculum is varied, ranging from easy introductory science to difficult advanced placement physics. An independent study course allows selected students to research and experiment in specific fields of interest. All students may participate in various science fairs and competitions, and they are eligible for awards from such organizations as the Ford Foundation and Westinghouse. The Science Department also sponsors field trips to supplement classroom study as well as the Photography and Astronomy Clubs.

The new addition brought changes in the curriculum offered by the physical education department. Because of the new swimming pool, swimming instruction was introduced. This program provided recreation while presenting an education. New equipment proved to be a valuable asset to the department. The trampoline and other gymnastic apparatus created a new wave of interest. The teachers themselves encouraged enthusiasm for they wished all to partake in the new program. The wight room was important in training for sports and in allowing for a new activity — weightlifting. The new facilities and programs offered may well be one of the most important additions to the high school.

This year the Art Department has expanded, offering a minor course in crafts as well as the art major and art minor courses. Mr. Thomas Del Signore, Director, and Mrs. Judith DesPres have given the students a chance to learn the basics of art as well as to express their creativity. The expansion has made room to include many facets of art, ranging from batiks and jewelry making to acrylics and silk screening.

Mr. Sebastian Bonaiuto

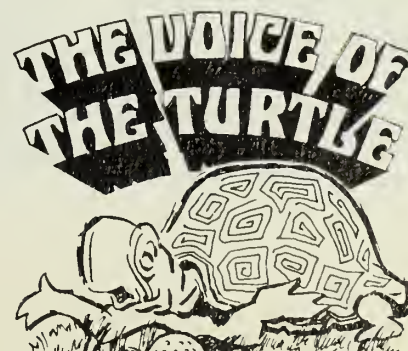

Mr. John Markarian  
Director

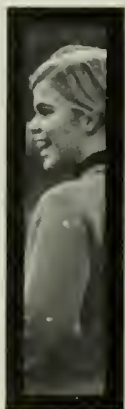

WHS is justly proud of its Music Department guided with the able batons of Mr. John Markarian and Mr. Sebastian Bonaiuto. Many activities are provided for students to progress in vocal and instrumental music and enjoy it while they are learning. Several performing opportunities are offered in the way of choral concerts, and the band exchange with Newington, Connecticut. Students are encouraged to try out for District, Allstate, GYBSO, and Youth Wind Ensemble, and the school musicals such as **Bye Bye Birdie**.

***In Memoriam***

*In one agonizing second  
You were taken from us.  
And we who remained mourned your passing with heavy hearts.  
Shocked by the injustice of such a tragedy.  
For it is we who have known and loved you,  
Who have suffered the most in your absence.*

*Fond remembrances come often  
And we treasure them as we did your friendship  
Your loyalty, your sense of humor, your ready laughter  
And companionship were qualities we grew to respect and admire.  
Yet you also possessed a rare and valuable gift  
That is much sought after but seldom found  
Your ability to make even simple ordinary events in our lives  
Seem exciting, worthwhile, and enjoyable.  
Each day with you was filled with promise,  
new life, new hope, and infinite possibilities.*

*A part of each of us went with you,  
And our world can never be the same.  
Yet the bitter anguish and sorrow have passed.  
And when we think of you, which is very often,  
We can no longer be sad.  
For what better memories than of you,  
A friend in the deepest and truest sense of the word.*

# REFLECTIONS . . .

1969-1970

To those who have never been freshmen, it is difficult to explain the feeling of not being quite "equal". Although we had class officers; President John Carroll, Vice-President Alan Bishop, Secretary Nancy Thompson and Treasurer Stephen MacNamara, we were still "just Freshmen." Jeans were a common sight, and the girls were liberated from the old gym uniforms consisting of a one-piece bloomer to shorts and a shirt. The winter brought us lots of snow days in February and our first Freshman class dance. On the sports scene the basketball team made the semi-finals in the Tech, and the track team was once again state champs. Our only salvation from meetings in the vice-principal's office, four English teachers, and explaining to your parents how "no one likes Freshmen," was Friday-night alibis and an occasional church dance. The year came to a close with the retirement of our principal Isaiah Chase and the anticipation of Sophomore year.

1970-1971

If you were lucky enough to evade the massive flu epidemic which plagued the halls of Westwood High during our sophomore year, you probably helped out with our successful Bruins Ticket Raffle under the direction of class advisors and our class officers: President John Carroll, Vice President Alan Bishop, Secretary Nancy Thompson, and Treasurer J. C. Harrington. The school at this time was undergoing a total overhaul from new band uniforms to a 5.4 million dollar addition. Yo-yos, maxi skirts, the "new" Coke machine, Governor Sargent's visit, "H" block studies, The Walk for Mankind, and the table football games during afternoon studies comprised most of our year. There was, however, no doubt that we were going on to bigger and better things. The spring brought with it the Stanley Cup, great parties, and the thought that we were almost upper classmen.

1971-1972

If you're one who likes total chaos, you would have loved our Junior year at Westwood High. Getting a license and SAT's in the spring were major issues. Crowded study halls in the cafeteria, In-Service Wednesdays, Ma Riva's, frisbees, and long-haired teachers were common sights. Once a month Rec dances and some great "open houses" made our weekends. The winter brought us the league championship for the basketball team and some great weekends "up North." As the snow melted, plans for the Prom "A Night at the Round Table," new sports jackets, compliments of the Westwood Boosters Club, and Westwood's 75th Anniversary was in the making. Class officers: President Richard Harrison, Vice-President Jack Lannamann, Secretary Karen Reilly, and Treasurer Nancy Posson saw us through our Junior year. As the summer approached, we anticipated a great Senior year.

1972-1973

The **Sacred Cheese** was hot off the press when school opened September 7, 1972. We were finally Seniors; but when it came to finding our way around the newly completed addition we might as well have been Freshmen. November came and plans went under way for our first school musical "Bye Bye Birdie", while SAT's and college applications haunted us constantly. Our basketball team, coached by the "Phantom Bagger" himself, gave us some close games, but failed to qualify for the Tech. New faces came on the scene, and one very important face was Claret Battistella, our AFS student. A dance sponsored by the Senior class provided enough money to purchase a stereo for the Mezzanine. The new year brought an end to the war in Vietnam and the beginning of new rights for many Seniors. With the aid of class officers President Alan Bishop, Vice-President Barry Smith, Secretary Karen Reilly, and Treasurer Nancy Posson, the Senior class was able to hold a very successful Senior Class Banquet. As college acceptances came in, plans went underway for our Senior class play, **The Wizard of Oz**. Cahoons, "open houses", college boards, "bozo's" in the parking lot, "early dismissals", all day parties, and yellow slips in home room were major topics of conversation.

Our glass is almost empty, but in our four years at Westwood High we have been filled with the memories of a lifetime.

## The Season

This year the Wolverines acquired a new head coach, Mr. Paul Tucelli. Under his direction and the direction of his assistants, Raymond Kodzis and Kevin MacDonald, the team made steady progress. This was a "building" season with many young and inexperienced players in the starting line-up. The squad was very dedicated, however, and the majority of the players attended summer weight-training sessions. Coach Tucelli also added a new aspect to pre-season training with the introduction of a one-week football camp in which he "separated the men from the boys."

Led by Co-captains JC Harrington and Crandon MacDonald, the pig-skin team compiled a 3 and 6 record, beating Millis, Brighton, and Lincoln-Sudbury. Other senior standouts were Jim Henderson, Rich Huber, Steve McNamara, Bob Band, Ron Zabalsky, Rich Devlin, and Don Munroe.

Trophies awarded at the annual football dinner this year included Most Valuable Back to Mike Conway, Most Valuable Lineman to Mickey Woicik, The Unsung Hero to Crandon MacDonald, and Jim Henderson, Most Valuable Player.

Two distinctions which the gridiron eleven enjoyed this year were allowing fewer points than any Westwood defense since 1965 and having Jim Henderson elected to the Dual County League All-Stars as a first-team end.

# 3 WHO SET THE RECORD STRAIGHT

Captains Gary Sessler and John Carroll with Coach Gail E. Thwing.

The Wolverine hoopsters finished the season with a record of 10 wins and 10 losses. The season could have easily ended 15 and 5 since five of these losses were by only two points. The Wolverines ended the season on a winning note, however, defeating Maynard 99 to 54 and Wayland by a score of 64 to 62. Several underclassmen saw considerable action in the final games as they gained valuable experience for next year. The varsity letter winners were: seniors Brad Benson, Jack Bergen, John Carroll, Co-captain; J. C. Harrington, Jim Henderson, and Gary Sessler. Also, junior Jack McGrail, and sophomore Dave Whalen.

Kneeling, left to right: Carroll, Sessler. Rear: Coach Thwing, Harrington, Benson, Bergen, Whalen, Zorio, Henderson, McGrail, Saltmarsh, Berlo.

## Basketball

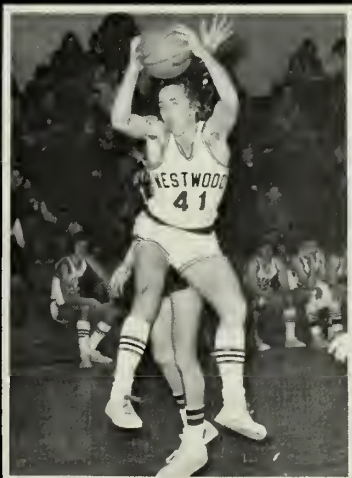

The junior varsity completed the season with a record of 16 and 4. Several of the "JV's" played in varsity games, with sophomore Larry Zorio joining the varsity near the close of the season.

Preparation for next year's entry into the Tri-Valley League will begin with a summer league and seven days at a basketball camp in New Hampshire during August.

Third row: Coach Tuccelli, Parson, Lester, Stone, Murphy, O'Sullivan, Schmeloiz, Holland, Tomasello, Capello, F. Cogswell, DiPietro, Palmer, Band, Coach Sanfason.

## WINTER TRACK

This was a rebuilding year for Winter Track, after last year's great State Champion team. With new Coach Sanfason and Tri-Captains Jim Kelly, Doug Cogswell, and Dick Harrison the team worked very hard and ended the season with a respectable 3-3-1 record. The only individual records broken were by Kelly, who broke school records in the mile and 1000 yd. runs and League records in the two-mile and 1000 yd. runs. He also won his 20th straight league race and finished his second undefeated season in the D.C.L. this year.

In the State Meet, though Westwood hoped to do well, the team was only able to qualify two runners, Cogswell in the mile and Kelly in the two-mile. In the finals these two runners gave a strong showing for Westwood, as Cogswell finished fifth and received a bronze medal and Kelly finished second receiving a silver medal. Here, the season ended, but things are looking up for the team and Coach Sanfason, as they are a young team and are moving into the Tri-Valley next year and they should do well as the team will have both experience and depth.

# Cross Country/Track

This year's cross-country track team enjoyed its finest season ever in the D.C.L. coming up with a very respectable 10 won 6 lost record.

Captain Jim Kelly led the team as he won 17 races in a row to be undefeated in League competition. Kelly also won two State Division meets and had the honor of making the Massachusetts All-State Cross country team, which represented Massachusetts in the New England's. He became the first W.H.S. runner to ever achieve this. Coach Fischler's other standout runners were senior star Doug Cogswell, sophomore star to be Don Swann, Dave Johnson, and Mike Keane.

Having just had his best record ever, Coach Fischler can look forward to a really good future as the team was mostly made up of sophomores and freshmen. Good Luck Mr. Fish!!

Developing a hockey team requires many skills such as quick aggressive skating ability, accurate shooting, sharp passing, positioning, anticipation of each play, plus great team effort. Mastering these skills takes many years of hard practice and determination. Since Westwood has just recently started a youth hockey program, many of the 1972-73 players never participated in organized hockey until high school. Considering these facts, the '72-73 season was basically a very good year — turning out a record of 3-9-4. Every skater is deserving of credit for the long hours of practice and those early 5:30 a.m. sessions.

Defeating second place Concord-Carlise and swamping two teams that entered the State Tournament were but a few of the highlights of the long fun-filled season. The fine coaching of Mr. Don Stivalletta and Joe Mazzaferro deserves recognition and led to their selection as coaches of the first Dual County All-Star Game.

Peter Brown and Mike Conway were selected to play on the league's all-star squad.

## *Ski Team*

The Westwood High Ski Team competed this year against twelve schools. At the end of the season, Westwood's standing was seventh. Individual trophies were awarded to John Rogers who placed first in boys' slalom and second in overall slalom and cross-country. The team will suffer from the loss of their dedicated co-captains Daiva Izbickas and Jack Lannamann.

Next year will bring new changes and new co-captains. Jill Whitley and Pete Mullarkey, two excellent skiers, will lead the team to further success. Westwood will enter the southern division of the league and looks forward to an exciting season and to those snowstorms ahead!

## Swim Teams

The girl's swim team, with a lot of practice and a little bit of luck from the team mascot—a rubber duckie—closed its season with a reasonable success. They finished tenth out of a possible twenty at the state finals at Medford. These girls overcame a disadvantage: not having the pool until after the season had started and still achieved this honor. The boys were more successful with a record of 8 wins and 7 losses. This year was the first year the boys were a member of a league. Many school records were set and broken by a show of much talent. Both novice teams are looking forward to an even more successful year next year.

## *Boys' and Girls' Tennis*

After a slow start, the Boys' Tennis Team finished its season impressively with two convincing wins over Bedford and Acton. Led by Co-Captains Dick Reilly and Rick Skarinka, the caliber of tennis played improved greatly as the season progressed. Senior Rich Tejeda played both singles and doubles and Senior Gary Besser closed out his career by winning his last four matches. The second doubles team of Dale Carlson and Bill Burhoe, both freshmen, had a 6-3 record and hold much promise for the future.

This year's council, under the leadership of Drew Padell, Sebby Cappello, Linda Kenney, and Mark Gallagher, had a relatively quiet year. A school store located off the mezzanine was its major concern. After many delays caused by late delivery of supplies, the store opened in March.

The faculty chairman was Mr. Fischler while Mark Gallagher served as student chairman. Miss Bulger and Sebby Cappello were secretaries for the Forum. Student and faculty officers rotated for each of the monthly meetings.

The Forum opened up the new pool to student use after school and during free periods. They also listened to and agreed with the general aims of the legislation presented to the Great Court of Massachusetts. The legislation pertained to student rights and responsibilities as well as suspensions and expulsions.

## NATIONAL HONOR SOCIETY

This year's NHS, under the auspices of an energetic and never relenting new faculty advisor, Miss Dillon, rose to new heights. The officers diligently attended regional conventions and participated in many activities — some good and some not so good. Members worked hard to raise money for various programs through the selling of balloons, shakers, and baked goods. The NHS tried, whenever possible, to better the school. This meant stuffing envelopes, selling tickets, picking up the mezzanine, and trying to get others to help. In March, new members were selected and inducted during a candlelight ceremony. The year ended with the selection of new officers and a potluck supper which showed that smart people can cook, too.

**Front row:** Mr. Flahive, advisor; Frederick, Hadley, Sweeney, McGovern. **Back row:** Vanderwal, Adleman, Lane, Mullins, Badger.

Primarily a service organization, the Business Club churns out thousands of jobs which require the valuable business skills of this elite group of "super secretaries."

All those monthly school menus, drama and play programs, letters, releases, booklets, and medical forms are but a few of the many accomplishments of these energetic, efficient future secretaries. In addition, they serve as secretarial or office assistants in various locations throughout the school system and assist community organizations in Westwood.

## The Healing Power of Compassion

The officers of the Future Nurses Club were Wanda Newell, president; Cyndi Syverson, vice-president; and Mary Cachelin, secretary and treasurer. Since the club was made up almost entirely of seniors, we provided pertinent information about nursing and nursing schools to interested underclassmen. Some of our members assisted Mrs. Cavanaugh in the Health Office, while others actively participated in the Youth ARC program.

## A.F.S. Club

To further support our AFS program, the AFS club was organized this year. Its purpose is to give more students a part in the AFS program. International dinners with AFS'ers from other towns give an enjoyable touch with people and foods from other cultures. Co-sponsoring the November Play Competition and a powder-puff football game increased AFS funds. Besides its purpose to support AFS, it gives Westwoodites an opportunity to meet people from different countries and to have a great time.

Interested French students are encouraged to join the French Club. Activities such as a French dinner, making "le bouche de noel" and various trips to French plays and movies, give these students a better background of French culture. A trip to Paris in April highlights the year.

## Chess Club

The latest archeological searches have traced chess to the 6000-year-old Mesopotamian site of ancient Tepe Gawra in Northern Iraq. The Egyptians played the game, so did the Hindus and Romans and by the Middle Ages, it was an international tourney of wits. The first known rules were written down in 1200 or 1300 A.D. by an Italian Dominican friar. In 1479, these rules were published in the first book ever printed from metal type in England. The wide-spread popularity of chess, however, came with the Syrian, Philip Stamma, an Oriental interpreter at the English court in the Eighteenth Century.

### NEVER LATE THE BETTER

About the New Tardiness Rule

That was what I was supposed to find out--about the new tardiness rule. I was all set to go. Here was a case of an unfair rule, an arbitrary rule, handed down for no good reason. Off I went, like the bright sane student I'm not, to expose this gross injustice, perpetrated on us innocents. Well, I got my audience with the administration and the truth is the rule isn't really unfair; in fact, it isn't even especially unreasonable; or for that matter, particularly arbitrary. What the rule is, simply, is that after five tardies, excused or not, a detention is given. It sounds awful. It's the word excused that does it. For background, state law says tardiness shall not be excessive. Also, parents are not allowed to keep students out of school on a whim. This is not a good excuse and can't be used as one. I asked about things like flat tires and it was pointed out that one isn't likely to get five flat tires. This rule will be carried out with discretion. If the tardies are legitimate, say, orthodontist appointments, a flat tire, or something like that, it'll be tolerated, but they are going to be sure it's legitimate. In a case such as late play rehearsals, where participants may come in late, the teacher involved should give notice to the office. The problem was some students had nineteen or twenty tardies, something that couldn't go on. There was more said about the small minority of students and the rules are necessary busi-

ness but we know that by heart. It's a case where late is no better than never and the rule isn't as bad as it sounds.

### "BAR" NONE?

Recently there was a change of law, creating an 18 year old drinking age. The effects of such a step are difficult to foresee but many pros and cons have been offered.

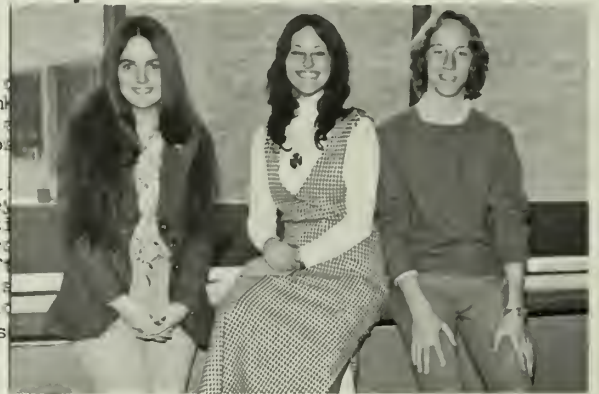

The change from 21 to 18 will have no effect on some for if they drink now, they have every intention of continuing and the non-drinkers are naturally bothered by it. After talking to many people about it, I foresee a decline in the motivation to drink as the challenge is less. However, curiosity will move the scale down two or three years to motivate the 15 and 16 year olds to experiment.

Many views against the change in age include that of predicting the risk in the 18 year olds handling the responsibility, and the risk of 16 and 17 year olds invading the not too strict bars in town and diminishing their appeal to older people.

The main argument brought up many times deals with the aspect of driving. Most accidents occur between the ages of 18 and 25. This is due to the driver feeling overly confident of his ability and by lowering the age of legal drinking, one is increasing the accident risk.

### Drill Team

"Will you guys line up, please!" . . . "Stop talking!" . . . "Mark time, mark!" . . . "Forward march!" . . . "Left, left, left. . . ." The 1972-73 Drill Team, under the direction of Joan Romines, performed several interesting half-time routines. After gruelling afternoon practices, the girls were ready to compliment the band with the themes of television commercials and international songs.

### Majorettes

"Once more, Hoops! Try it together this time!" . . . practice at 2:15 . . . "Can we please have a break?" . . . freezing football games . . . "Point your toes!" . . . cold batons . . . ### Color Guard

"Six, six count, begin" . . . "Ready, Flash" . . . "Colors." And so it went. The 1972-73 version of the WHS color-guard was bigger and better than ever. Under the leadership of Sheila Sheehan, the "guard" expanded to include eight flags, four guns, and a saber. Creative routines, including twirling guns and flags highlighted the year. The color guard is to be congratulated for the dedication which has made it an integral part of the halftime show.

## Audio-Visual and Library Club

The Media Center depends on voluntary student assistance. The Audio-visual and Library Club was created to provide some of that assistance. Along with learning the skills needed for minor repair work, its members acquired knowledge of the operation of studio and other T.V. equipment. An added twist is the instruction of teachers by the students in the use of the materials. Another task performed by the squad is the distribution of the audio-visual equipment to those who need it for projects. The expansion of the Media Center — in acquiring new equipment and in learning new techniques — and the increasing need for the Audio-visual squad will make its existence more and more important.

## A Life-Time, Life-Space Perspective

### Astronomy Club

WHS astronomers appeared to be very active this year. Many trips were arranged. Ed M. had quite an enjoyable time at the Providence Observatory. A visit to the Natick Planetarium was another excursion made during the 1972-73 year. Many meetings were held — some on weekends and others on in-service Wednesdays. The members will never forget pizzas in Dedham, political fights, once again with Ed, and the Chape-mobile. Although many pleasurable moments were encountered during the year, our astronomers **did** better their knowledge of the unknown and will continue to do so.

## 1973 GREEN YEARS

Uniqueness is an important aspect of a yearbook. This year's staff, under the direction of co-editors Lynne Joyce and Elizabeth Atkins, attempted and we feel succeeded in creating a unique souvenir of our high school years. New methods and layouts contribute to this aspect, but a more important contribution is the institution of a yearbook that is printed for a late summer distribution. We feel this has increased the meaning by including memorable senior activities such as graduation. The Green Years' Staff of 1973 thanks you all for co-operation given.

### Senior Class Banquet

The decorating committee under the direction of Bill Lambert established the theme of "The Octopus' Garden." A giant green octopus (composed of crepe paper and chicken wire) and the matching decorations were the result of weeks of hard work. Taking all day to "erect" the garden, the octopus was ready to welcome the members of the Class of 1973 in one of their last meetings together. Over 200 seniors were present and all were dressed elegantly — as rarely seen. Entertainment was provided by the WHS Dance Band along with the reading of the Class Will and the presentation of the advisors' gifts, one of which was a Phantom Bagger telephone booth given to Mr. Thwing. Leaving the banquet, some were quite happy as anticipation for graduation mounted.

## *Class Day*

Class Day was a memorable occasion as recognition was granted to many students for academic and athletic participation in school this year. Various awards were also given to those who showed great achievement combined with evidence of high moral characteristics. Mr. Kocina presented Principal's Citations to those who had contributed both their time and themselves in service to our school. A high point of the ceremony was the dedication of the yearbook which, amid heartfelt agreement, went to Mrs. Agnes Anderson.

*Graduation has at last come and gone. It was with feelings of gratitude and relief that we achieved our graduate status; gratitude for all the help freely offered along the way, and relief that a step full of meaning and purpose had finally been taken — one whereby we may realize our hopes and aspirations in a far larger world.*

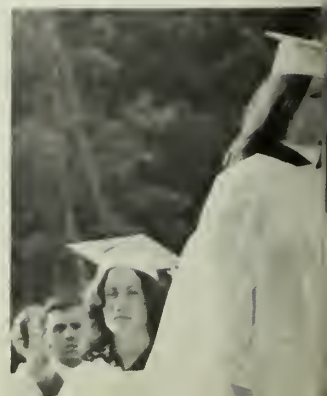

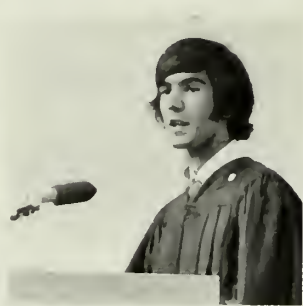

*We also had to face the sometimes frightening experience of being rudely separated from all we had loved, cherished, and respected in life: the security of home, the constant companionship of friends, the comfort of knowing where we stood.*

*... and a time for  
every purpose

*The frequent companion of growth is change and now we must adapt ourselves to new environments, growing ever farther apart, yet retaining something of these four years as the base upon which all other experiences will grow.*

A black and white illustration featuring a classical building with a portico supported by several columns, set against a dark background with stylized clouds. A large, three-dimensional bow is superimposed over the scene, with a rolled-up scroll or diploma tied around its center. The scroll is positioned diagonally across the lower half of the image.

*We Salute You!*

Congratulations and the best of luck! We at Loring are proud of the part we have had in helping to make your classbook a permanent reminder of your school years, recording with photographs one of the hoppiest and most exciting times of your life! We hope that, just as you have chosen us as your class photographer, you will continue to think of Loring Studios when you want photographs to help you remember other momentous days to come! When you choose Loring portraits, you are sure of the finest craftsmanship at the most moderate prices!
